⚠ WARNING

Do not aim the laser light directly into the eyes of pets or people.

Always supervise pets playing with pet toys. Monitor your pet's reaction to the laser light, and reward with tangible toy, treat or affection after play session. Pets should be supervised while playing with the toy. If you notice your pet exhibiting unusual behavior, immediately discontinue use of the toy and consult your veterinarian before using the toy again.

Apart from playing with the toy, pet owners should provide their pets with a variety of play activities, opportunities for stimulation, and an appropriate amount of daily exercise as determined by you and your veterinarian. Be involved in play sessions with your pets and be generous with your attention, hugs, and encouraging words.

This product is intended for pets, not for children. Do not allow small children to use this product to play with your pet without adult supervisions
